Name:

Salisbury Students To Go To Castleton State College for A Dynamic Performance by Garry Krinsky, *Toying with Science*

Here is what Castleton has to say about this show: "It has been said that **GARRY KRINSKY** resembles a living cartoon with his animated movement and non-stop energy. Garry was an original member of the Boston Buffoons, co-founder of the Patchwork Players, and a member of The Wright Bros., a New England vaudeville troupe. Since 1978, Garry has brought his high energy and experience to thousands of schools, theaters and festivals. He has also performed on live television, including the NBC Today Show. In 1995, Garry created his **Toying with Science** program and has since been touring it across the U.S. and Canada to rave reviews. Garry is a very physical entertainer.

His performance of **Toying with Science** is a fast-paced, varied and dynamic program. Commissioned and developed with the Museum of Science in Boston, this performance explores among other things, the scientific principles of gravity, leverage, fulcrums

and simple machines. Combining circus skills, mime, original music, and audience involvement, Garry and his audience investigate basic scientific information and delve into the imaginations of scientists who explore our world. During the program, Garry brings his science toys to life with motion, music, humor and insight. He turns audience members into stars as he playfully shares the stage, juggling, balancing and welcoming them into his colorful world. He performs original up-beat songs, that explore fulcrums, levers and basic mechanics. He balances multiple ladders on his chin, simultaneously, as he demonstrates how to find the center of gravity! It is incredible how much action, fun and learning takes place in so little time!!! As personable as he is professional, Garry consistently dissolves the boundary between the audience and himself, so that the performance sweeps through the entire theater. A performance by **GARRY KRINSKY** is truly a unique experience!"

Students and staff will be leaving school by bus around 9:00 after having snack.

Make sure to ask your child what he/she thought of Garry and this dynamic show!

The Salisbury Fire Department will conduct a **Fire Prevention and Safety** assembly with students this Friday, October 23. Groups of students will be able to hear safety information and check out the Fire Engine and equipment.

Free Children's Clothing Event

When: Saturday, October 24, 9:00am-12:00pm

Where: Middlebury Congregational Church

The Board of Christian Development at the Middlebury Congregational Church invites you to attend our FREE Children's Clothing Event!

We will have FREE clothing for children - sizes from infant to adult. All clothes are free and you do not need to donate any to take some.

Bring a bag, and help yourself!

We hope to see you!

Note: If you'd like to contribute clothing to this event, we will be accepting clean donations on Wednesday, October 21 from 5-7pm at the Church.

How To Use Skype At the Salisbury Public Library

Thursday, October 22,
4-5 PM

John and Linda Bryant will offer this free presentation. You can bring a laptop, or i-pad, or smart phone, but you don't need to. They will demonstrate with their computers.
