

Teacher Survey of Co-Teaching

Dialog Starters

Name: _____ Grade Level _____

Directions: Respond to the following prompts.

1. How would you define co-teaching?
2. Discuss the various approaches of co-teaching.
3. Does co-teaching provide support for students experiencing academic or behavioral difficulties? Why or why not?
4. If you were a co-teacher, what type of support (time, strategies, planning, scheduling) would you need for implementation?
5. Do you have experience working in a co-teaching model? List successes and concerns about your experiences.
6. Describe the professional development you may require to participate in the co-teaching service delivery.
7. State three teacher benefits for the implementation of the co-teaching model.
8. State three student benefits for participating in a co-taught classroom.
9. Can all students receive an appropriate education with co-teachers in a general education classroom? Why or why not?
10. How can we ensure that both teachers are instructional leaders in the co-taught classroom?
