

PowerSchool

Parent Portal Guidelines

Access to your child's grades and attendance through PowerSchool is being provided to you as another form of communication with teachers and administrators with the goal to help all of us in our efforts to support your child's education. Please read the following guidelines.

1. Usernames and passwords are to be kept confidential.
2. One username and password will be issued per student per family. If you have more than one student in school, a separate username and password will be issued for each student.
3. By logging into PowerSchool, you acknowledge that you are duly authorized to view the site.
4. All concerns about the system should be addressed to MUHS. Note: The school district does not provide support for your home or work computer system.
5. Even though you will be able to check grades at any time of day, there may be times when the system is down due to planned maintenance or an unplanned outage.
6. Grade concerns should be addressed with the specific teacher via phone or e-mail.
7. The way data is entered may vary by teacher:
 - a. Due dates may refer to when the assignment was due or when teachers recorded the assignment.
 - b. The frequency in which teachers will post grades will vary. Please refer to the teacher's course description sheet or contact the teacher for this information.
 - c. Calculated grade percentages will fluctuate early in the term. As more assignments are scored the calculated grade will normally be closer to the final grade.
8. Attendance concerns should be addressed to the main office.
9. If you forget your username and/or password contact Stephanie Buzzell at 382-1189.
10. Do not attempt to gain unauthorized access to the district system. This includes attempting to log in through another person's account.
11. The school district reserves the right to monitor, inspect, copy, review and store at any time, and without prior notice, any and all usage of the PowerSchool system and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school district. No user shall have any expectation of privacy regarding such materials.
12. ACSU makes no warranties of any kind, whether expressed or implied, for the service it is providing.
