

Dear ACSD Community,

On behalf of the ACSD School Board, we want to provide an update regarding the status of our Facilities Master Planning process, and give notice to the community about additional Community Dialogue Meetings that we will be hosting this spring as part of the planning process.

Since the public forums held in November 2018, members of the ACSD Board have participated in three focused board retreats to conduct a thorough review of the facilities data, community feedback, and other relevant information compiled during the initial phase of the planning process. The Board's Planning & Engagement Committee has identified several key themes that have emerged from its review, and is currently preparing additional questions for the community's consideration, to be shared and discussed in the next round of Community Dialogue Meetings.

We had originally hoped to host the meetings this month, but in the interest of continuing a productive dialogue around our Facilities Master Plan, we are currently aiming for April 2019 to hold the second round of Community Dialogues.

Please be on the lookout for additional information about the next round of Community Dialogue Meetings on our website at <https://www.acsdvt.org/domain/897>. Notices about the dates, times, and locations of the public forums will also be issued via e-mail newsletter and public mailing.

We wish to thank members of the Steering Committee for their efforts in compiling the relevant data for the Facilities Master Planning process, and for assisting in the development of our public forums to engage the ACSD community. We appreciate everyone's continued interest and participation in this process, and look forward to seeing you soon.

Jennifer Nueder, Chair
Planning & Engagement Committee
ACSD School Board
